Work Experience

Intoto Technologies

Frontend Developer

Remote

Feb 2024 – Present

- Utilized Next.js for creating static UIs and server-side rendering, reducing page load time by 25%.
- Engineered advanced SASS functionalities including mixins, variables, and custom fonts; leveraged SASS as a CSS pre-processor, achieving 10% reduction in development time and improved cross-platform styling consistency.
- Elevated state management capabilities by deploying Redux-Thunk middleware for asynchronous operations, reducing API response times by 15% and significantly enhancing real-time data handling for a more seamless user experience.
- Upgraded modular templates with React JS, reducing frontend development time by 10% and enhancing code reusability, which accelerated project timelines and decreased overall project costs by 15%

Softizo Solutions

Frontend Developer

Hyderabad, India

Jul 2018 - Jul 2021

- Developed and maintained single-page applications using HTML5, CSS3, React.js, React Hooks, and Redux, resulting in a 20% improvement in user engagement metrics.
- Created various screens using React JS, leveraging predefined components from E-Commerce Unified Framework and Redux libraries, accelerating development speed by 20%.
- integrated Redux forms for form validation, achieving 35% higher submission accuracy and reducing error rates by 20%, significantly enhancing data integrity and user satisfaction.
- Optimized application performance by implementing JavaScript asynchronous programming techniques reduced load times by 40% .
- Implemented cross-browser testing protocols, ensuring seamless functionality on Chrome, Firefox, Safari, and Edge, which led to a 25% boost in user satisfaction and a 10% rise in daily active users.

Education

University of Houston - Clear Lake - Master's Degrees in Computer Engineering

Aug 2022 - Dec 2023

Gudlavalleru Engineering College - India - Bachelor's Degree in Electronics

Sep 2014 - May 2018

Skills

- Programming Language: JavaScript, TypeScript.
- Web Technologies: React, Next.js, Node.js, HTML 5, CSS 3, SASS
- Cloud Platforms: AWS (Amazon S3,CloudFront,Lambda)
- DevOps Tools: Docker, CI/CD
- Database Systems: MongoDB, PostgreSQL
- Soft Skills: Leadership, Communication, Team Collaboration
